(*a*) That the contractor shall be ever ready during the period of contract to employ as many number of coolies who know how to work at sandal so as to turn out the allotted quantity every week, fortnight or month as may be assigned.

(*b*) That in case the contractor fails to employ the required number of coolies required so as to turn the allotted quantity of prepared wood at any time, the officer in charge of the Koti shall make his own arrangements for the preparation of the wood by employing coolies making the contractor liable to pay up the cost even though it may happen to be extra. The contract will also be liable for cancellation at the discretion of the District Forest Officer on account of default.

(*c*) The Koti preparation work will be commenced at 8 A.M., and continued till 6 P.M., every day with an interval of an hour or two from 12 NOON.

(*d*) The available tools in the Koti shall be spared for work and in case the number of coolies are more in number than the tools available, the contractor should himself provide the extra tools required. N.B.—As a rule higher rates are payable for the superior classes of prepared wood and less for chilta classes. Hence two different rates should be quoted in the tender one for the out turn of superior classes and the other for chips and milva chilta since the object aimed at is that care should be taken by the contractor to see that the koti preparation work is conducted so as not to waste heartwood by conversion into chips.
